Hello,

Attached is the semi-annual Hazardous Sites List for August 2008. This is Ecology's list of high-priority sites. If you have any questions about a specific site, please direct them to the contact person listed at the beginning of each section.

Jean Rakestraw is the author of the Hazardous Sites List. Her contact information is below.

As usual, if you have any comments, questions, would like your name taken off the mailing list, etc., please let me know.

Thanks,
